Survey Terminology

The following terms are used throughout all surveys:

Board of Nursing: Jurisdiction's governmental agency responsible for the regulation of nursing practice. Includes any other terminology to refer to the regulatory authority (i.e. commission, examiners, registration, jurisdiction). When referring to board of nursing, the reference collectively includes Board Members, Executive Officer and Staff.

Jurisdiction: Refers to state, territory or district where a board of nursing is located. May also be used to refer generally to the board of nursing in a particular jurisdiction.

Board Staff: Staff of the board of nursing

Executive Officer: Person responsible for running the board of nursing. Includes any other terminology to refer to that authorized person (i.e. Executive Director)

Board Member: Member of the governing body of the board of nursing as outlined by statute

Practical nurse or PN: Licensed practical or vocational nurse (LPN/LVN)

Program Approval: The official recognition of nursing education programs which meet standards of approval established by Boards of Nursing. Some boards of nursing use the term accreditation instead of approval, but for the purposes of this document the term used will be approval.

Preceptor: An individual at or above the level of licensure who may serve as a teacher, mentor, role model, or supervisor in a clinical setting.

Articulation: seamless Matriculation from the PN degree to the ADN or BSN degree or seamless matriculation from the ADN or diploma degree to the BSN degree or MSN degree.

Distance Education: Instruction offered by any means where the student and faculty are in separate physical locations.
